EDUCATION

Deep Dive Bootcamp Fullstack Certificate ✓

CNM Ingenuity (October 2019 – December 2019)

This cohort consisted of 10 weeks to create a web application in collaboration with a group of other cohort classmates using languages such as PHP, MySQL, RESTful APIs, React.js, JQuery libraries. We also had to create our own personal website during this 10-week period with on-going assignments and assessments to prove our skills.

High School GED ✓

EXPERIENCE

- **Top 7 finalist out of 120 contestants in the Annual UNM/CNM App Contest**
- Abqcookbook.com – [GitHub Repository](#) Technologies used: PHP, MySQL, REST APIs, React.js, Javascript, Docker, Agile Project Management tools – Slack, Asana, Git
- TheGinoFiles.com – [GitHub Repository](#) Technologies used: JavaScript, PHP, Docker, Bootstrap, and Git for version control
- **Remote Technical Support Advisor for Apple in contract of Concentrix.**
December, 2017 – June, 2019
- **Social media experience on Twitter and Facebook. I also handled emails using Salesforce. Technical support for Boingo Wireless internet company.**
June, 2016 – August, 2016
